

TOPS Engineering Corporation

Education Agreement

To be eligible to receive educational software from TOPS Engineering Corporation, you must fill in the required information below and fax a copy of the document to TOPS Engineering Corporation at (972) 739-9478.

Section #1: Qualifications (Please place initials in box to the right.)

I certify that I am a faculty member at the institution stated below, and that I am requesting TOPS Pro Package Design and Palletization software and/or MaxLoad Pro Cargo Load Optimization and Diagramming software for educational purposes only.

Section #2: License Agreement

TOPS Engineering Corporation will provide your institution a license(s) of TOPS Pro and/or MaxLoad Pro software. You may not copy, modify or transfer this license to any other entity not documented on this Education Agreement. Any license issued for educational use remains the property of TOPS Engineering Corporation and privileges may be revoked at anytime. The TOPS software will not be put into commercial use or in any revenue-producing manner by students or faculty members

Section #3: Technical Support

Technical support is available free of charge directly from TOPS Engineering Corporation. Please contact TOPS Technical support at (972) 739-8677 between the hours of 7:30 am -5:30 pm CST. TOPS Technical support will assist with the installation of all software, day-to-day maintenance and will also be available to answer any functionality related questions as needed.

Section #4: Upgrades

Educational Licenses receive annual upgrades free of charge. Dates of release may vary depending on completion of upgrades. Educational institutions will be contacted by TOPS Engineering when a new release is available. Please feel free to contact TOPS Engineering at 972-739-8677 for questions about your upgrade.
